(BEGINNER CODING PLAN) {

Baby Step : You are new to coding and know nothing :

(Please write code for all the questions and videos taught in the course;it is not a movie; don't just watch video; write code for it as well ; run and test in the compiler)

[Select any one(C++/Java/Py) and start doing the course :-> Baby step -> step0 -> step1 -> step2 -> step3 -> step4 -> PRO DSA Plan!

Baby Step	First, do this.	
Python	**Link**	
C++	Link	
Java.	**Link**	
Step 0	Second, do this.	
Python	**Link**	
C++	**Link**	
Java.	**Link**	
Step1	**Third,do this.**	

Python.	Link	
C++	Link	
Java.	Link	
Step2.	**Fourth, do this.**	
	Solve it	
	Solve it	
Step3.	**Fifth, do this.**	
C++	Link	
Python.	Link	
Java.	Link	
Step4.	**Sixth, do this.**	
	Link
